The mission of the Ladue Education Foundation is to advance the excellence of the Ladue School District by expanding opportunities for extraordinary student success.

How Do We Help?

Through innovative partnerships and grants, our efforts have impacted every school in the district and every field of education, from music, art, and language to science and mathematics. We foster a community united in its belief in public education and enhances the connections among parents, students, educators, and alumni.

Who Are We?

The LEF is made up of parents, alumni, teachers, and community and business leaders who support exceptional programs that Go Above and Beyond for All Students. Our nonprofit educational foundation is overseen by a volunteer board and an alumna Executive Director, whose mission is to advance the excellence of the Ladue School District.

What Do We Do?

We fund distinctive educational programs and provide grants to schools and teachers. Our grants encourage innovative approaches to learning, from pre-K through high school. We provide students with world-class learning opportunities through groundbreaking educational programs that cannot be achieved through traditional school district funding alone.

With the support of the community, our students will be fully prepared to become leaders locally and nationally in ways that can change the world. Funding for the LEF comes from individual and corporate donations from Ladue School District families, alumni, and staff members, as well as local businesses. We hope you will consider joining fellow staff members with a gift to the LEF so it can be used to strengthen and maintain the Ladue School District for this generation of students and for future generations to come!
